---

*A detailed plan must be submitted to the S. E. O. and the Township before the building permit (if applicable) is issued.*

*The approved application from the S. E. O. must be submitted to the permit officer to receive building permit.*

*The application for an On-lot Sewage Disposal System Permit is subject to the current fee schedule of Slippery Rock Township.*

*If the system is not completed within one year of the application date or before the expiration date of the permit, any increase of fees of the Sewage Enforcement Officer will be the responsibility of the application /permit holder and will be payable to Slippery Rock Township.*

*The initial cost of the application includes one pit test and one perc test. If the first pit test does not pass, DEP considers the soil marginal and then requires two pit and perc tests. This will require an additional fee.*

*If the site was not prepared properly for testing or inspection and requires another visit, there will be an additional fee.*

*If you request to meet with the Sewage Enforcement Officer in addition to the pit, perc, and final inspections, there will be an additional fee.*
